INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1939 edition of the Winston-Salem City Directory. A new feature, the designation of tenant-owned homes, marks this edition.

Confidence in the continued growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The population of Winston-Salem is estimated at 96,184, based on the number of personal names in the Alphabetical section of the Directory, with due allowance for those under Directory age. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the Directory, and, likewise, in the population estimate.

Five Major Departments

The five major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 19 to 506, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 507 to 666. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A new feature of this section is the designation of tenant-owned homes.

THE BUYERS' GUIDE, beginning opposite page 666 and separately pagged from 1 to 36, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Winston-Salem. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Winston-Salem, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 703 to 753, on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, extends from page 755 to page 796.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem.

The Winston-Salem Directory Library

Through the courtesy of the publishers of the Winston-Salem City Directory, a Directory Library is maintained in the offices of the Winston-Salem Chamber of Commerce, for free reference by the general public. This is one of more than 475 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

WINSTON-SALEM

THE WORLD'S TOBACCO CENTER Statistical Review

Form of Government—Aldermanic-commission.

Population—1930 U. S. Census, 75,274; Hill Directory Co. estimate for 1938, 96,184. American-born, 99.4%.

Area—15.5 square miles.

Altitude—885 to 1,000 feet above sea level.

Climate—Mean annual temperature, 58.2 degrees F.; average annual rainfall, 54.4 inches.

Parks—30, with a total of 333.09 acres.

Assessed Valuation—\$98,997,779, with \$1.60 per \$100 City tax rate.

Bonded Debt—\$15,213,000.

Financial Facts—1 national bank, 1 state bank and trust company, and 2 industrial banks, with total deposits of \$76,385,873.83 (June 30, 1938), and total resources of \$84,295,820.74 (June 30, 1938). Clearings for 1937, \$503,-092,000. 4 building and loan associations.

Postal Receipts—\$422,852.15 (fiscal year ended June 30, 1938).

Telephones in Service—10,824 (Oct. 1, 1938).

Churches—134, representing 23 denominations.

Building and Construction—1,164 permits, with total value of \$2,357,555, issued for fiscal year ended June 30, 1938.

Industry—Chief industries of city and surrounding territory: Manufacturing and agriculture. World center of tobacco manufacturing, and one of the largest leaf tobacco markets. 80 manufacturing establishments, employing 18,980 wage-earners, paying wages of \$12,977,496 annually, and having products valued at \$278,578,166 annually (1935 U. S. Census of Manufactures). Value of manufactured products considerably in excess of \$300,-000,000 in 1938, with payroll of over \$25,000,000, including salaries, wages and compensation for services. Principal manufactured products: Cigarettes and other tobacco products, underwear, blankets, hosiery, furniture, textile products, air-conditioning machinery, nicotine sulphate, and tinfoil. Winston-Salem is the largest industrial city in the Southeastern area, and one of the 40 leading industrial cities of the U. S.

Trade Area—Retail area has radius of 50 miles, and population of 825,-000.

Newspapers—1 daily and Sunday and 2 weeklies.

Hotels—4, with total of 650 rooms.

Railroads—3: Southern, Norfolk & Western and Winston-Salem Southbound. Also 25 off-line railroad offices, representing 60% of the major lines.

Highways—U. S. 52, 158, 311 and 421; State 109 and 703.

Airports—1, municipal.

Amusements—Largest auditorium in city (Civic Auditorium) seats 3,-000 persons, 7 moving-picture theatres, with total seating capacity of 8,-500 persons. Municipal stadium, with seating capacity of 11,174 persons. 2 golf courses.

Hospitals—3, with total of 500 beds.

Education—Salem College (for women); Salem Academy (for girls); Winston-Salem Teachers College (colored). 21 public schools, including 4 high. Number of pupils in public schools, 16,000; teachers, 457. Value of public school property, \$5,154,000.

Public Libraries—2, with total of 28,733 volumes.

City Statistics—Total street mileage, 265, with 143 miles paved. Miles of sewers, 254. Number of water meters, 14,600; light meters, 21,672; gas meters, 3,101. Capacity of water works (municipal), 12,000,000 gallons; daily average pumpage, 7,460,000 gallons; miles of mains, 241; value of plant, \$3,925,000. Fire department has 81 men, with 6 stations and 12 pieces of motor equipment. Value of fire department property, \$120,000. Police department has 101 men, with 1 station and 19 pieces of motor equipment.

Location

Winston-Salem, the leading industrial city of the Southeast, is located on the Piedmont Plateau, in northwest North Carolina, in the section that the late Franklin K. Lane predicted would become "the greatest industrial area in the country because of its industrial advantages and economies."

Population

The present population of Winston-Salem (corporate area) is 96,184 (based on 1939 City Directory). The population of the metropolitan area is in excess of 200,000.

The 1930 Federal Census showed the population as 75,274, an increase of 55.6% over the 1920 figure of 48,395. In the U. S., for the same period, the increase in population was 16.1%. In North Carolina for the same period, it was 23.9%.

The population of Winston-Salem is 99.4% American-born.

From the earliest days, Winston-Salem has been known as a city of industrious people. Approximately 48% of the entire population is engaged in gainful occupation. The employed population can be classified as follows: Manufacturing, 50%; domestic and personal service, 15%; wholesale and retail trade, 10%; professional and semi-professional, 6%; building and construction, 5%; transportation, communication and public service, 5%; real estate and insurance, 2%; all others, 7% (1930 Federal Census).

Industry

Winston-Salem is the leading manufacturing city of the Southeast, turning out products valued at more than \$300,000,000 annually. According to the biennial census of industry for 1935 (U. S. Census of Manufactures), Winston-Salem had 80 manufacturing industries, with annual value of manufactured products of \$278,578,166. The annual industrial survey of Jan. 1, 1938, made by the Chamber of Commerce, showed that 23 leading industries were employing 21,866 wage-earners, and that the cost of new buildings and equipment amounted to \$3,574,451.76. The value of manufactured products had increased proportionately.

Tobacco has long been the leading product manufactured in Winston-Salem, although there is likewise a wide variety of other industries. At present, the city is producing about 40% of the nation's manufactured tobacco, and makes more cigarettes than any city in the world.

Closely associated with tobacco manufacturing is the large leaf tobacco market. For many years Winston-Salem had the largest market in the world, and did much to pioneer in selling methods. The market continues to be the largest in the Old Belt, handling annually approximately 60,000,000 pounds and releasing to farmers by direct exchange approximately \$10,000,000.

Winston-Salem is the home of the largest concerns in the U. S. for the manufacture of men's and boys' underwear, woolen blankets, and circular-knit ladies' hosiery. Among other products manufactured on a large scale are: Furniture, air-conditioning machinery, nicotine sulphate, tinfoil, swimming suits and narrow fabric.

The annual industrial payroll, including salaries, wages and compensations for services exceeds \$25,000,000.

Winston-Salem industry is responsible for the payment of approximately \$500,000 in internal revenue every working day, and for payment of a substantial percentage of City, County and State taxes.

Climate

Winston-Salem has a particularly equable climate. In a report concerning Forsyth County (of which Winston-Salem is county seat), the U. S. Department of Agriculture Soil Survey states: "Owing to the elevation, the rolling topography, and excellent surface drainage, this county possesses a healthful and invigorating climate. The summers are mild and pleasant, with cool nights, while the winters are not excessively cold."

Government reports covering a period of 40 years give Winston-Salem an average of 232 clear days per year, well-spaced throughout the year. The same reports show mean temperature, 58.2 degrees F.; high, 93; low, 11; normal, July, 70-75; normal, January, 35-40.

The growing season has a minimum of 180 days. The average annual rainfall of 48 inches is well-distributed through the year. Snowfall is 6.5 inches.

Transportation

Three competing railroads serve Winston-Salem. These are the Southern, Norfolk & Western, and Winston-Salem Southbound. Because of heavy in-and-out shipping, the city also has offices of 25 off-line railroads, representing two-thirds of the major lines of the country.

Three bus lines serve the city, and it is a major distribution center for the largest line serving the Eastern area.

The city has a large, first-class airport, now in process of completion at a cost of approximately \$750,000.

Highways

Winston-Salem is the center of more paved highways of Federal and State systems than any city in North Carolina. Located on the Shenandoah Route, it is the natural gateway from North and South for the numerous well-known winter and summer resorts of the sand hills, coast and mountains.

Education

From Colonial times, Salem has been known as an educational center, and the combined city, Winston-Salem, has carried on the old tradition. Six years after the first settlers came to the community (1766), a school for girls was opened. Now known as Salem College and Salem Academy, with separate plants, the old school has never closed its doors except for regular vacation. It is now a standard Class A institution, with a four-year college course leading to three degrees.

Foundation for the city's public school system was laid by Dr. Calvin Wiley, "Father of the Public Schools" in North Carolina. There are at present 21 schools, with a total enrollment of 16,000 students. There are four high schools. The teaching staff is approximately 500. Separate schools are maintained for Forsyth County, with enrollment of 10,000.

Negro children are educated in separate schools, meeting standard requirements.

Winston-Salem Teachers College serves the higher education needs of the community and section for Negroes. It is a modern institution.

Agriculture and Dairying

Agriculture ranks next after industry in Forsyth County. Principal crops are: Corn, tobacco, wheat, oats, cotton, clover, alfalfa, sweet potatoes, Irish potatoes, cabbage, cowpeas, rye, sorghum, melons, fruits and garden vegetables. There are numerous large peach and apple orchards in the county.

With excellent meadow lowlands for pasturage, Forsyth County is increasing its dairy herds. Two large pasteurizing plants offer good markets for high grade milk. Forsyth County cattle annually win many stock fair blue ribbons.

Tax Rate

Winston-Salem and Forsyth County have one of the lowest combined City and County tax rates in North Carolina. The City rate is \$1.60 per \$100 valuation; the County rate, 55c per \$100. Property is assessed at two-thirds its value.

The moderate tax rate is partly made possible by the number of large locally-owned and locally-managed industries.

Recreation Facilities

Winston-Salem is interested in providing adequate recreation facilities for the entire population. An average of ten acres of playground to each public school provides recreation facilities for boys and girls. Organized recreation is made possible by the City of Winston-Salem and the Community Chest.

The Bowman Gray Memorial Stadium, completed in 1938, with seating capacity for 11,174, makes possible a variety of sporting events.

A 187-acre municipal park and recreation area is now under construction (early part of 1939), with plans for an 18-hole municipal golf course, swimming pool, gymnasium, lake and other facilities on a large scale.

HILL'S**WINSTON-SALEM**Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide**1939**

Copyright, 1939, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

***Between two intersecting streets designate there are no houses between them on that particular street.

(c) designates colored.

As You See It

nothing you own is more important to your success than your bank account, whether it is large or small.

That is how we see it, also.

The First National's entire organization facilities and equipment have been selected with a view to assuring your banking business the careful attention that you very properly feel it deserves.

BUILDING MAINTENANCE

AT LAST!

Your Building Maintenance Costs REDUCED

The Modern Method of Building Maintenance Materials Installed by
Skilled Mechanics COSTS MUCH LESS than Buying Materials
and Trusting Their Installation to Printed Instructions
and Inexperienced Crews.

We will gladly make a maintenance survey of your Plant Buildings without cost or obligation to you. Recommendations and estimates will be given at your request.
